

## **SCHOOL SIGNS**

In the event that a school wishes to install an identifying sign on school grounds, approved by both the school principal and the PTA/PTSA, the following guidelines must be observed:

- Lettering shall be limited to the full name of the school only.
- The sign shall be securely anchored into the ground and shall be immovable.
- The sign shall not obstruct traffic or pedestrian sight lines.
- Indirect lighting only, preferably solar powered, shall be installed.
- The sign and supports shall be either aluminum or recycled plastic.

All permanent identifying signs on school property must be approved by the Board of Education.
